**Extension of Atlantic Richfield Company Leviathan Mine Administrative Settlement**

On December 21, 2016, Region 9 modified a 2009 administrative settlement agreement with Atlantic Richfield Company regarding the Leviathan Mine Superfund Site, a former sulfur mine in Alpine County, California. The original agreement required implementation of certain removal actions through August 1, 2013, and addressed several other matters, including recovery of oversight costs. A modification in 2013 extended that agreement to require ARC to perform the removal actions and to pay certain oversight costs through December 31, 2016, the current modification extends these commitments through December 31, 2019. Attorney Client (b) (5)
